In 60 BC, Caesar was elected to the Senate, the governing body of the Roman Republic. He quickly became one of the most popular and influential senators, and he played a key role in passing several important laws. Caesar was also a successful military commander, and he led the Roman army to victory in several important battles.

## **Rise to Power**

In 59 BC, Caesar was elected consul, the highest office in the Roman Republic. As consul, Caesar passed several important laws, including a law that gave land to poor citizens. Caesar also led the Roman army to victory in the Gallic Wars, a series of campaigns that lasted for eight years and resulted in the conquest of Gaul (modern-day France).

Caesar's victories in Gaul made him very popular with the Roman people. He was also supported by a powerful army, and he began to think about seizing power for himself. In 49 BC, Caesar led his army across the Rubicon River, a boundary that marked the limit of his legal authority. This act was seen as an act of treason, and it led to the outbreak of a civil war.

Caesar's army was victorious in the civil war, and he was declared dictator of the Roman Republic. As dictator, Caesar passed several important reforms, including a new calendar (the Julian calendar) and a law that gave citizenship to all free men in the Roman Empire.

## **Assassination**

Caesar's rule was not without its critics. Some senators feared that he was becoming too powerful, and they began to plot against him. On March 15, 44 BC, Caesar was assassinated by a group of senators led by Marcus Junius Brutus and Gaius Cassius Longinus.

Caesar's assassination plunged the Roman Republic into chaos. A new civil war broke out, and the republic was eventually replaced by the Roman Empire.

## **Legacy**

Julius Caesar was one of the most important figures in Roman history. He was a brilliant general, a skilled politician, and a gifted reformer. Caesar's legacy is still felt today, and he is considered one of the greatest leaders of all time.

Here are some of Caesar's most famous quotes:

- "Veni, vidi, vici." (I came, I saw, I conquered.)
- "Alea iacta est." (The die is cast.)
- "Et tu, Brute?" (You too, Brutus?)

Caesar's life is a fascinating story of ambition, power, and tragedy. He was a complex and contradictory figure, but there is no doubt that he was one of the most important people in history.
