When a serial killer begins targeting young women in Paradise, the police seem powerless to stop him. Frustrated by the lack of justice, a mysterious vigilante emerges, taking the law into his own hands. The vigilante, known only as "Wired," is a skilled and ruthless killer, but he only targets those who have escaped justice through corruption or loopholes.

As Wired's body count grows, the police are forced to take notice.

Detective Sarah Jones is assigned to the case, and she soon realizes that

Wired is not just a cold-blooded killer. He is a man with a mission, and he is determined to clean up the city, no matter what the cost.

As Sarah investigates Wired's past, she discovers a dark secret that connects him to the city's corrupt elite. She also learns that Wired is not the only one who is after the serial killer. A rival vigilante, known as "The Butcher," is also on the hunt, and he is even more ruthless than Wired.

With the city on the brink of chaos, Sarah must race against time to stop both Wired and The Butcher. But as she gets closer to the truth, she realizes that the line between good and evil is not always clear. And in the end, she may have to choose between justice and the law.

Wired is a fast-paced and action-packed thriller that will keep you guessing until the very end. It is a story about justice, corruption, and the dark side of human nature. If you are a fan of crime thrillers, then you will not want to miss **Wired**.
